P R E F A C E

The United Nations has proclaimed May 22 as the International Biodiversity Day to increase understanding and awareness of biodiversity issues. Pushpa Gujral Science City celebrated International Biodiversity Day 2020 with Punjab Biodiversity Board on May 22. The objective of the event was to raise awareness among participants about conservation and sustainable management of biodiversity resources. The theme for IBD 2020 was 'Our Solutions are in Nature'. As the global community is called to re-examine our relationship to the natural world, one thing is certain: despite all our technological advances we are completely dependent on healthy and vibrant ecosystems for our water, food, medicines, clothes, fuel, shelter and energy, just to name a few. The theme emphasizes hope, solidarity and the importance of working together at all levels to build a future of life in harmony with nature. 2020 is a year of reflection, opportunity and solutions. It is expected, from each of us, that we will "Build Back Better" by using this time to increase the resilience of nations and communities as we recover from this pandemic. 2020 is the year when, more than ever, the world can signal a strong will for a global framework that will "bend the curve" on biodiversity loss for the benefit of humans and all life on Earth. Due to ongoing COVID-19 pandemic, Pushpa Gujral Science City celebrated International Day for Biological Diversity through online activities.

This e - photobook is a compilation of best entries of the photography competition organized at the occasion of International Biodiversity Day 2020. The competition was organized in two categories: Juniors (Below 15 years) and Seniors (above 15 years). An overwhelming response was received from student and public. 106 participants in Junior category and 65 in Senior category participated from Punjab, Delhi, Kerela, West Bengal, Uttar Pradesh with many participants submitting multiple entries. Overall, there were 590 entries.
